- make personal connections and build relationships with other interns

- be a part of two residential intensives (each intensive is two days long)
- and more!

* Online options are available for those based outside of Melbourne.

"Every person I have encountered has added to the rich tapestry of my internship year. I am being equipped with many practical children's ministry skills, which I plan to use for the rest of this year and beyond."

Maigen Lawrence, 2019 Intern

"The internship has... broadened my horizons as I consider both my own walk with God, and how that relates to the ways I can serve in ministry. I've been getting closer to a few young guys that have dismissed faith in the past, and they're starting to ask the sort of questions that just make you so excited!"

Jack Beamish, 2019 Intern

WHERE COULD IT LEAD?

- Continuing to volunteer with your church/ministry with greater leadership and responsibility.
- Employment by your church/ministry, if there was opportunity.
- Employment in another ministry organisation.
- Volunteering in a leadership capacity with SU camps and missions.
- Being part of a community with other practitioners to regularly reflect and learn.
- Formal academic studies and training at Bible College.

"Scripture Union's willingness to create and facilitate this internship for local churches has provided an intentional structured partnership. This has released us to journey alongside our intern candidate... The training and support they offer releases us to champion Kingdom living through practical application."

Sheridan, Kilsyth South Baptist Church
